OUR WORK IN ACTION

LARGE SCALE EXCAVATION

Built for bigger. Ready for any challenge.

MODERN EQUIPMENT

Advanced machinery. Maximum efficiency.

PRECISION & SAFETY

Every project. Every detail. Handled with care.

AJAY INFRA

BUILT ON TRUST. DRIVEN BY EXCELLENCE.

Through the years, **Ajayinfra** has been recognized as a leading contractor by both the public and private sectors. One of the keys to this success is the ability to provide our customers a complete site development package including mass grading, underground utilities, and paving. By staying ahead of technology and continually educating our employees, we provide the safest and most cost effective site solution to any project.

Typical private-sector projects include residential developments, hospitals, restaurants, office complexes, shopping centers and the industrial buildings. In the public sector, we construct highways, waste-water treatment facilities, and storm water diversion infrastructures. At times Berger enters into co-bid partnership with other contractors as needed depending on the project scope.
